## Missing Numbers

- counter
- bean
- pencil

Put a counter on the grid, on 45.
Put a bean here, on +II.
Move the bean either one or two jumps you choose. Read out what it says.

Add that number to 45 (or subtract it) and move the counter to the new number.

If the number is missing, write it in.
Go on until you have written in at least 10 numbers.

Now do it again. Choose where to start the counter off this time.

| 1 |  | 3 |  |  | 6 |  | 8 | 9 |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
| 11 |  | 13 |  | 15 |  |  | 18 |  | 20 |
|  |  |  |  | 25 |  |  |  | 29 |  |
| 31 |  | 33 |  | 35 |  |  | 38 | 39 | 40 |
|  | 42 |  |  | 45 |  |  | 48 |  | 50 |
| 51 |  |  | 54 |  |  | 57 | 58 |  |  |
|  | 62 | 63 |  |  | 66 |  |  | 69 |  |
| 71 |  |  |  | 75 |  | 77 |  |  | 80 |
|  |  | 83 |  |  | 86 |  |  | 89 |  |
