

you need:

- counter or bean
- 1–6 dice
- A pile of 1p and 2p coins (real if possible)

Coins

 for 2 players

Put the counter on **Start**.

When it's your turn

Roll the dice and say the number.

Move the counter that many steps.

If you land on a coin,
take a coin like it from the pile.

The end of the game

When one player has collected 10
coins, the game is over.

Who has most 2p coins? They win.

Who has most 1p coins? They are
the second winner.
