

you need:

- 2 counters
- 1-3 dice
- 30 to 40 pennies

Balloons for 2 players

First of all

Put your counters on the stars.

When it's your turn

Roll the dice and say the number.

Move your counter that many steps and read the money value where you land. (You can move in either direction.)

Take that amount of money.

The end of the game

Go on until the money runs out.

Then count up your pennies and decide which balloon to buy.
