

Addition squares

To work out what number goes in a square, add the number at the top and the number at the side.

	5	6
2	7	
3		

1) Check the numbers in each square are correct.

	5	6
2	7	8
3	8	9

2) Fill in the missing numbers in these squares.

	1	7
2	3	
6		

	9	7
3		
5		

	8	2
1		
11		

3) And these ones.

2	10	9
	12	11

	14	12
	17	

	10	11
		12

4) Use squared paper and make up some addition squares of your own.
