

# Star Stepping

Counter for each player  
One dice (2, 2, 3, 3, 5, 5)

1. All players begin on 'START'
2. To step up to the next 'star level' a players roll of the dice must be a multiple on a star on the next level up. e.g. Roll a 5 then can move to 15.
3. Players need to say the matching basic fact.
4. Only one counter per star.
5. The first player to the finish on the top star—15 is the winner

**Multiplication — Early Additive**
